Tarot Deck*

*"The Motherpeace Tarot
has been a wise and
loving oracle. A clear
mirror, also, that
constantly shows the
truest face."*

Alice Walker

Create powerful rituals-- individually and collectively with facilitated activities aimed at insight and community integrity. Explore what I call "tools of the trade" and how these tools can be used for healing and to develop purpose in life and affirm the gifts to be shared with others.

The tools of the trade we will learn about and use in our afternoon:

- ◆ **Motherpeace tarot cards:** will provide the doorway to intuition and guidance
- ◆ **Healing energy:** hands-on healing, visualization, sweeping, prayer, drumming and rattling
- ◆ **Ritual objects:** feather fans, images of deities and other altar objects

We will have time to hike and just absorb the wildness, strength and inspiration of the Ocean Song land.
